RESIDENTIAL LED RETROFIT KIT GENERAL PURPOSE LRG6

LED RETROFITS

Easily Convert existing fixtures to LED with UL 1598C Classified Kits. When installed according to instructions, retrofitted fixtures retain their UL Listing and do not require a feild evaluation. Our Retrofit kits are designed with an optical grade polycarbonate lens and a powdercoated aluminum heat sink.

Our LRG6 Retrofit kits are approved for use in both existing (in-the-field) fixtures and new fixtures for factory installation.
