

RESIDENTIAL LED RETROFIT KIT LRG8

GENERAL PURPOSE

Easily Convert existing fixtures to LED with UL 1598C Classified Kits. When installed according to instructions, retrofitted fixtures retain their UL Listing and do not require a feild evaluation. Can be used to comply with 2016 Title 24 Part 6 High Efficacy LED source requirements in outdoor applications. Our Retrofit kits are designed with an optical grade polycarbonate lens and a powdercoated aluminum heat sink.

Our LRG8 Retrofit kits are approved for use in both existing (in-the-field) fixtures and new fixtures for factory installation.
